AshishRil

## Profile

Experienced **Project Manager** with **8.5 years** of expertise in Cybersecurity, Cloud (AWS), and Telecom projects. **Certified PMP and AWS** professional, adept at managing large-scale, complex projects, ensuring security compliance, and driving efficient cloud and network solutions. Proven leadership in cross-functional teams, delivering projects on time and within budget.

## Professional Skills

- **Project Planning & Execution:** Proven ability to lead and deliver complex projects using tools like Microsoft Project, JIRA, and Trello.
- **Cloud Infrastructure Management:** Expertise in managing cloud platforms (AWS, Azure, Google Cloud) for scalable applications and services.
- **Cybersecurity Oversight:** Strong understanding of cybersecurity principles and tools such as Splunk, Nessus, and Okta for risk management and compliance.
- **5G/4G Core Network Management:** Knowledgeable in deploying and managing core network functions and tools like Ericsson, Nokia, and Cisco for AMF, SMF, UDM, and RAN components .
- **Cross-Functional Leadership:** Ability to collaborate with engineering and operations teams using Confluence and Slack for communication and project documentation.
- **Agile Methodologies:** Experience in implementing Agile practices with tools like JIRA, Asana, and Kanban boards to enhance project delivery.
- **Stakeholder Communication:** Strong skills in managing stakeholder expectations and delivering updates using Power BI, Tableau, or Microsoft PowerPoint.
- **Vendor Management:** Proven ability to manage relationships with third-party vendors using tools like ServiceNow and Vendor Risk Management solutions.
